The Opportunity

These spectacular gardening expos bring to life and showcase the expertise and talents of ABC TV's popular Gardening Australia program.

Help your business thrive in the right conditions by taking part in this unparalleled opportunity to access potential customers.

Each Gardening Australia Expo provides you with the opportunity to promote your business alongside the most respected gardening brand in Australia in the most vibrant, down-to-earth and interactive event of its type.

Be there to inform, educate and entertain the garden-loving – and big-spending – people of Australia.

OVERVIEW

About the event

The Gardening Australia Expo has already proven itself to be the most successful garden expo Australia has seen. In 2007 it is now poised to expand to become the ONLY national gardening event in Australia.

Garden lovers come to enjoy themselves, learn about gardening, see outstanding displays and be inspired

The event has succeeded – and expanded – because it is what the public wants.

As well as the enjoyment they get from the day they also come to buy, buy and buy – and they don't hold back. They leave the event with their arms, bags and trolleys laden with an amazing range of gardening products.

Due to the overwhelming success of the expos in 2006, the events have enlarged and expanded across the country to accommodate the tens of thousands of gardening enthusiasts all eager to enjoy the experience.

Timing

The timing of any event is about delivering the largest possible qualified visitor audience and comprehensive cross-section of exhibitors.

The Gardening Australia Expo is committed to this and has situated each expo at peak seasonal times to suit your business cycles; it has also taken into consideration existing major events, local weather conditions and suitability in relation to other factors that are important to the garden-loving public. All of the expos are also located in easily accessible venues.

Each expo will maximise your opportunity to grow your business through associating with this renowned gardening icon.

Location

The Gardening Australia Expo is located in the heart of each of the host cities in purpose-built exhibition venues. The venues often incorporate both indoor and outdoor exhibition areas to encourage interaction with the very environment that nourishes this industry, as well as provide comfort and a relaxing atmosphere for visitors. Easy access to public transport, plenty of parking, air-conditioned (indoors) for visitor comfort and great loading dock facilities make life easy for all of us.

Gardening Australia Expo 2007 National Calendar

We offer you direct face-to-face contact with your customers, outstanding opportunities to display your products and a huge market of dedicated gardeners. You'll also be publicly associating with organisations and icons known and respected for their credibility.

■ ABOUT THE VISITOR

The gardening visitor

The Gardening Australia Expo offers something for everyone whether they have a few pots on the verandah, or huge landscaped gardens.

Beginners and seasoned green-thumbs alike are drawn by the opportunity to learn from and be motivated by industry experts, and leave with everything they need to complete their project.

And that doesn't mean they are just passers-by or onlookers at the event. Expo visitors are genuine gardeners and they see this event as the definitive source of new products, great ideas and inspiration.

**There's no need to dream about your ideal customer.
Take a stand at the expo and meet thousands of
them every day.**

They are prepared to spend up big and, even if they don't purchase from you at the expo, it is your brand they will remember when they are next in the market for your product.

Backed by the nation's most respected gardening program, ABC TV's *Gardening Australia*, the expo is based on a winning formula that has drawn hundreds of thousands of people to the event across the country.

A key element for retaining consumer interest at the Gardening Australia Expo involves complementing the momentum of down-to-earth information and learning opportunities with inspiration and entertainment.

The Gardening Australia Expo features one of the most accessible, informative and creative schedules available to gardeners in 2007. All exhibitors are welcome to submit ideas for seminars, demonstrations and inspirational or educational talks, all of which will enhance the experience of the expo for both consumers and exhibitors alike.

■ BE THERE

Why you should exhibit

The Gardening Australia Expos are Australia's most successful indoor and outdoor gardening events - and they're about to expand their reach.

Simply being under the Gardening Australia banner is prestigious in itself - it's one of Australia's most enduring gardening icon. As well as the acclaimed ABC TV program hosted by Peter Cundall, Gardening Australia magazine is a highly successful spin-off. In its 16th year, and with a circulation topping 93,000, it is the country's leading gardening title.

This is your chance to be part of this high profile consumer event providing an excellent opportunity to align your business with an established and respected brand.

- Now located in 5 of Australia's premier garden expo venues
- Key media partners deliver a large target audience
- Meet thousands of buyers
- Exhibitions are the perfect opportunity where walk-by traffic is measured in the thousands
- Make sales on the spot and for months after the expo
- Develop a personal and direct relationship with your client
- Answer questions, overcome objections, and meet gardeners face to face
- Show your product or service range in real life rather than a catalogue
- Gain instant feedback - the ultimate in direct marketing
- Launch new products and services
- Establish qualified mailing lists
- A nation-wide and state-wide marketing campaign
- Keep up-to-date with current industry trends
- A great opportunity to network with fellow exhibitors who share your interest in the garden industry
- Educate and inspire through seminar and stage presentations
- Raise the profile of your business
- Gain an immediate return on your investment
- Ignite your customers' five senses - they can hear, touch, taste, see and smell your products

Be there to help grow your business opportunities in 2007.

■ WHO SHOULD EXHIBIT?

Reasons to exhibit and more about the event

No matter what your exhibition objective or business size, the Gardening Australia Expo can give you a fertile position that will help you make the most of this excellent marketing and selling opportunity.

Most exhibitors in other states re-book their stands before the previous event is over or straight after it.

Be quick and make sure there is a space reserved for you. This is the event for you.

Does your business or organisation specialise in any of the following gardening and garden-related areas?

- Accessories/Ornaments
- Artwork
- Associations & Industry Bodies - Garden
- BBQs
- Blinds - Outdoor & Shade
- Chimineas
- Clothing
- Craft
- Education & Research

- Shade Structures
- Sheds
- Soil Conditioners
- Spas & Pools
- Tanks
- Tourist Destinations
- Turf Supplies
- Water Features
- Worm Farms

MEET SHOW SELL

■ FEATURE ELEMENTS & AREAS

Purchasing Power

Visitors have access to the largest cross-section of garden products and services; they gain the best advice from the experts - our exhibitors - and buy their favourite plants and equipment to enhance their backyard.

Visitors often spend up to five hours at the expo, so selecting the right spot can further maximise your chance at capturing even greater returns and ensuring your business flourishes.

Buying at the event couldn't be easier thanks to the easy layout and the Plant & Product Pick-up. This is a convenient area where for a small fee of \$2, all plant and product purchases can be left in safety and picked up when leaving, allowing visitors to browse for more goods. This directly helps increase their length of stay at the expo.

Live demonstrations, features areas and gardening education sessions have been carefully chosen and scheduled to increase visitor satisfaction.

Education at the expo provides solutions to problems (Gardening Australia Theatre & Ask It, Solve It Stage), inspiration for creation (Feature Gardens, Floral and Plant Society Displays, Gardener's Village Kitchen Theatre), and encourages spending at the exhibitor stands.

Feature and inspirational elements

Select your place within the wide variety of locations:

- General Retail
- Greenlife Pavilion
- Gardener's Village
- Feature Garden
- Plant Society
- Floral Design

Education

Education will be provided via demonstrations and presentations on theatre stages and in retail areas, allowing visitors to choose the topic of interest and enjoy what's on offer, plus develop contacts with groups and individuals that can provide ongoing information and advice after the expo.

Gardening Australia Theatre - features informative presentations from ABC TV's *Gardening Australia* presenters on subjects such as healthy soil, pests and disease, plant propagation, water-wise gardening, landscaping and other great gardening techniques.

Ask It Solve It Stage - an informal, intimate Q&A panel format featuring ABC TV's *Gardening Australia* presenters as well as other industry experts who pass on their expertise and answer audience questions.

Pete's Patch - made famous through ABC TV's *Gardening Australia*, Pete's Patch will be on display at the expo and Peter Cundall will amaze visitors with stories and information about how to grow great organic veggies.

Interactivity

The stage areas come alive at the Gardening Australia Expo with informative presentations and performances from ABC TV presenters, cooking personalities and cooking demonstrations.

Gardening Australia Feature Garden - at each expo, an ABC TV *Gardening Australia* presenter will create a feature garden designed around their individual expertise; and they'll share their hands-on techniques to achieve their favourite style.

NEW in 2007: Gardener's Village Kitchen Theatre - an interactive kitchen theatre designed to show easy, hands-on cooking techniques to take the fruits of the garden to the table. There will be chefs, cooking experts, personalities and exhibitors.

Entertainment and Inspiration

Within the expo we have created various interactive and inspirational areas where expo visitors can get hands-on with products and learn about services before deciding to buy, as well as enjoy a fun day out with entertainment for all the family.

Gardener's Village - an area filled with a selection of goods from specialty providers of fine foods and beverages, as well as other lifestyle products that garden lovers look for to indulge themselves.

Greenlife Pavilion - a specialised plant and nursery area for plant purchases. In some locations this will form part of the floor plan (spread throughout) while in others it will be featured in an outdoor pavilion.

ABC For Kids Activity Area - this ensures the expo is for all the family. Children will be kept happy with craft, colouring-in, DVDs and games as well as daily appearances by popular characters from ABC TV Kids programs.

Balance

There's no better way to enthrall your customers than to inspire and educate with the above ingredients.

An exhibition is able to deliver real insight in a face-to-face and hands-on situation not otherwise possible in print, film or electronic media.

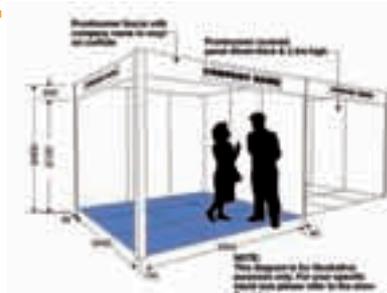

■ STAND TYPE

Your expo exposure

Will your stand be shell scheme?

(This includes carpeted floor space, walls, fascia board bearing your company name and stand number and 2 spotlights per 9 sqm).

Or

Will your stand be space only?

(minimum space is 18sqm)

(Bare floor space. Proposed stand design must include flooring and walls).

■ ADVERTISING

Getting the word out for growth

The Gardening Australia Expo gains wide recognition and coverage through an extensive media campaign.

Throughout the year key trade magazines, associations and industry bodies cover the event, on websites, in diary/calendar listings and through advertisements placed to ensure extensive awareness of the event.

As the event draws closer, a high profile advertising campaign is launched through targeted magazines, newspapers, television and radio guaranteeing the expo

achieves the highest awareness.

Advertisements are placed in major daily newspapers, Sunday papers and extensively in local newspapers. Our advertising also includes commercial television. Radio advertising incorporates key talk-back radio stations and other selected high-reach stations.

Our Internet site receives numerous hits and carries the full promotional campaign - www.abcgardeningexpo.com.au

The ABC network also supports the expo through mentions in the *Gardening Australia* TV program, ABC television network, national and local radio, over

100 ABC Shops and Centres and advertisements in *Gardening Australia* magazine.

The advertising delivers visitors from outside the immediate city centre, encouraging people to travel to the expo.

We have a special program directed at coach groups who travel two and a half hours or more to the event.

A dedicated media and PR team work closely with the media to further leverage our exposure.

Your business and sales result will benefit from our promotional relationships and key media partners.

■ POWER OF PROMOTION

Marketing Support

Promotional support provided to exhibitors:

- FREE promotional flyers to be used at your discretion
- FREE What's Hot on the Web listing on the expo website for your hot new, unique and exciting products that will be at the expo
- A committed advertising spend incorporating television, radio, newspapers and magazines
- Exclusive opportunity to advertise on the Gardening Australia Expo website
- Exclusive opportunity to advertise in the Onsite Event Program
- FREE e-cards to send to customers on your database to alert them about your participation in the expo
- FREE website links provided to direct traffic back from your website to the event site for further information
- Assistance from our dedicated public relations/media team
- News releases about the show distributed to trade and public media generating pre-show and during-show exposure
- FREE business listing in the Onsite Event Program
- FREE opportunity to conduct a stage/theatre presentation
- Key media partners and sponsors deliver a large targeted audience
- The right web address - www.abcgardeningexpo.com.au

The right tools, the right message.

MEET SHOW SELL

■ FOCUS YOUR BUSINESS

General Retail Area

The Gardening Australia Expo has been successfully staged now for 6 years in Sydney and 3 years in both Brisbane and Melbourne. The inaugural expos in Perth and Adelaide will take place in 2007, making it a truly national event. In many cases, exhibitors have achieved outstanding retail sales while at the same time, gaining

recognition for their brands.

The Gardening Australia Expo offers something for everyone.

Visitors come looking for everything from the practical to the beautiful for their garden.

They also come looking for information and inspiration, entertainment and education.

Focus your business opportunities by carefully selecting the best placement of your stand within the expo.

Whether you wish to achieve brand recognition or simply make retail sales during the expo, your expectations should be met in both ways. Take this opportunity to plant yourself at the Gardening Australia Expos and realise the potential for your business growth in 2007.

The expos have gained a proven reputation for showcasing exhibitors' products to thousands of visitors.

■ TAKE THE GARDEN TO THE TABLE

Gardener's Village

A feature of the event will once again be the fantastic Gardener's Village area.

This section showcases boutique food and wine producers as well as skincare products from all over Australia, retailing products visitors can't easily come by and some that are only found in high quality, gourmet markets.

This year, adjacent to the Village in each expo, there will be a Gardener's Village Kitchen Theatre. Gardener's Village exhibitors are invited to participate in the demonstrations that will run throughout each day.

Gardener's Village stands are neat and contained and are 4, 6 or 9 square metres.

The Gardener's Village has its own focus. It is built using a different colour scheme from the rest of the expo, to emphasise the specialty aspect of the area.

■ GROW YOUR BUSINESS

Greenlife Pavilion

The most popular purchase at the Gardening Australia expo is plants.

If you are a nursery, then where better to plant yourself than in an area dedicated to presenting the diversity and quality of plant material available to the public?

The Greenlife Pavilion is a mixing pot of stunning colour, variety of form and foliage, as well as your basic garden seedlings and bulbs.

Exhibiting in the Greenlife Pavilion is not just an

exceptional retail opportunity.

It's also the chance to network with fellow wholesalers, retailers and specialist growers, giving unparalleled business opportunities.

In some expo locations this will form part of the floor plan (spread throughout) while, in others, it will be featured in an outdoor pavilion.

To exhibit in the Greenlife Pavilion you need to meet our standards of quality and presentation and be either a wholesale or retail nursery business. Ask for your application form for more detailed information.

Wholesale and retail nurseries can sell their plants direct to the thousands of expo visitors.

MEET SHOW SELL

■ BE A SOURCE OF INSPIRATION

Build a Feature Garden

Design and build a stunning Feature Garden for the Gardening Australia Expo and take advantage of the wide exposure and brand building opportunities of being associated with one of the most respected Australian gardening icons.

The visual spectacle they provide ensures they are a source of inspiration for every visitor. And they draw more than their share of media attention and coverage.

The Feature Gardens offer something for everyone, with styles that suit a variety of tastes, needs and budgets. The range includes courtyards, water gardens, organic plantings, native gardens, traditional and modern, inner-city living styles. Located at the heart of the expo, the gardens showcase excellence in design and horticultural techniques and introduce the latest in landscaping

materials and trends.

Creating an inspirational, original and imaginative garden does much more than simply raise awareness of your talents among thousands of visitors. You'll also develop a network of potential suppliers and clients and vie with industry peers for a Gardening Australia Expo award for your work.

All of this will benefit your business, through the direct association with an iconic name as well as the publicity and public awareness generated by the expo marketing campaign.

Space for Feature Gardens is free, but is allocated on the basis of an approved design.

Ask for you application now.

Feature Gardens are a major draw card at the Gardening Australia Expo.

Highlight your Plant Society

If you are a Plant, Botanic or Horticultural Society there's also a place for you at the Gardening Australia Expo.

As a non-profit organisation we offer societies a walled booth with table, chairs and signage. This is for the group to showcase members' work, provide information and gain new membership, as well as offer advice to visitors about the group's particular area of specialisation.

Bigger display spaces are available for larger societies.

Visitors love to meet and talk about their favourite plant and possibly even join the club or society. Spaces for Societies are provided free, however you cannot retail anything from this space, it is an information and advice service only. As previous events have shown, the amiable atmosphere of this environment is one of the expo visitors' favourite places.

Arrange Your Floral Talent

Exciting and up-and-coming designers from educational institutions and industry bodies and well-known contemporary floral artists will be invited to challenge themselves to set new benchmarks for imagination and design by creating floral displays that will capture the senses.

All displays are judged on the use of flowers and foliage as an art form. The spectacular displays also provide a stunning backdrop to the many activities in the expo.

Spaces for the floral displays are free, but allocated on the basis of approved designs.

Ask for your application form now and raise your floral business profile.

Entering a display provides enormous exposure for your business as well as helping your business to blossom.

expertiseevents

bespoke event makers

be•spoke (*bee-spohk*)

An individual or custom-designed product or service.

Tailored to meet the customer's requirements.

Individually made by a master craftsman.

About The Event Maker:

Expertise Events is a *bespoke* event maker.

Bespoke event making is a skilled craft.

It requires years of experience and master craftsmanship to create events that incorporate the hands-on work of the company owners and staff as well as the understanding of our customers' personal needs.

Expertise Events runs over 30 superior events each year that exemplify the company's reputation as the leading Australian owned and managed exhibition and event organiser.

Events made by Expertise Events have all the hallmarks you would expect from true *bespoke* tailoring:

1. The definition of the word *bespoke* comes from *bespoken*, giving the characteristic of choice. In event terms this means to design an event from a blank canvas, with the client and market adding their own individual choice of styling to those of the skilled maker.
2. Events are created that are custom - designed, high quality and made to specific personal requirements.
3. A *bespoke* event delivers a qualified, targeted audience to its exhibitors as well as an inspirational 'experience' for its visitors.
4. A personal plan is drawn for each event with its features and inspirational elements being cut from the base-cloth of its market choice; never using a basic template that has been adjusted to fit.
5. Using this personalised pattern, the event is then sewn, trimmed and finished with the finest skill so that the result is a hand-made, detailed event that inspires, educates and delivers a unique experience.
